

Terms of use

The following translation is provided for your information only. In the event of any conflict or inconsistency between the translated version provided and the German version, the German version shall prevail.

All offers are subject to change and non-binding. EOS Technologies GmbH expressly reserves the right to change, supplement or delete the publications or offers in whole or in part and without separate announcement, or to cease publication temporarily or permanently.

The contents and works on these pages are subject to German copyright law. Insofar as the content on this site was not created by the operator, the copyrights of third parties are respected. All brands and trademarks mentioned on our website and, if applicable, protected by third parties are therefore subject without restriction to the provisions of the applicable trademark law and the ownership rights of the respective registered owners. The mere mention of a brand or trademark does not imply that it is not protected by the rights of third parties.

Should you become aware of a copyright infringement, please inform us accordingly. If we become aware of any infringements, we will remove such content immediately. Please send the information to the e-mail address info@test-tape.com.

3. The reproduction, editing, distribution and any kind of exploitation outside the limits of copyright law shall require the written consent of the respective author or creator. The copyright for published objects created by EOS Technologies GmbH itself shall remain solely with EOS Technologies GmbH. The unauthorized duplication or use of such graphics, text, sound documents and video sequences in other electronic or printed publications shall not be permitted.

4. Insofar as EOS Technologies GmbH grants the user the option of posting texts he/she has written himself/herself online at www.test-tape.com via the product ratings, comments, reviews or other functions, these shall be subject to the following restrictions: All texts that contain material that is immoral, pornographic, harmful to minors or glorifies violence shall be strictly prohibited. The same applies to content that promotes or glorifies violence or racist discrimination, that is insulting or denunciatory.

Product reviews and tags do not serve the purpose of communication between individual users, nor are they intended to provide an assessment of our services. The same applies to any criticism that is not related to the product itself, as well as improper comments. Reviews should be justified as precisely as possible so that they are comprehensible to other users. Notes such as "Hands off" are not relevant and are not sufficient for other users to form an opinion of the product.

Texts or comments that do not correspond to the facts are to be omitted. EOS Technologies GmbH does not grant any entitlement to the publication of self-authored texts and reserves the right to delete contributions that violate the aforementioned regulations at any time. We expressly reserve the right to take legal action in the event of wilful infringement. By posting texts, the user transfers an unrestricted, irrevocable and unlimited right of exploitation to EOS Technologies GmbH.

Please bring to our attention any texts that you find offensive or inappropriate and that do not comply with our guidelines. The texts in question will be checked immediately and removed if necessary. Please contact us at the e-mail info@test-tape.com.

As a service provider, we are responsible for our own content on these pages in accordance with general legislation pursuant to Section 7 (1) of the German Telemedia Act (TMG). According to §§ 8 to 10 TMG, however, we are not obligated as a service provider to monitor transmitted or stored third-party information or to investigate circumstances that indicate illegal activity. Obligations to remove or block the use of information according to general laws remain unaffected by this. However, liability in this respect is only possible from the point in time at which a concrete infringement of the law becomes known. If we become aware of any such infringements, we will remove the relevant content immediately.

Our offer contains links to external websites of third parties, on whose contents we have no influence. Therefore, we cannot assume any liability for these external contents. The respective provider or operator of the pages is always responsible for the content of the linked pages. The linked pages were checked for possible legal violations at the time of linking. Illegal contents were not recognizable at the time of linking. However, a permanent control of the contents of the linked pages is not reasonable without concrete evidence of a violation of the law. If we become aware of any infringements, we will remove such links immediately.

7. These provisions are to be regarded as part of any internet publication by EOS

Technologies GmbH and if sections or individual terms of this statement are not legal or correct, the content or validity of the other parts remain uninfluenced by this fact.
